

ES1: Student Research Preview

Session I: Data Converters and Analog Circuit Techniques

Session Co-Chairs: Andrea Baschirotto, Shahriar Mirabbasi

Vanessa Chen, Carnegie Mellon University, United States

Ba-Ro-Saim Sung, KAIST, Korea

Albert Chang, Massachusetts Institute of Technology, United States

Kaita Imai, Shizuoka University, Japan

Zule Xu, Tokyo Institute of Technology, Japan

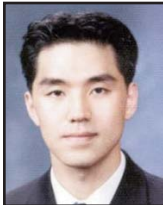

Zushu Yan, University of Macau, Macau

Aatmesh Shrivastava, University of Virginia, United States

Li Sun, UC Santa Barbara, United States

Chair: Jan Van der Spiegel,
University of Pennsylvania, PA

Session II: Circuits and Systems for Bio-medical Applications

Session Co-Chairs: SeongHwan Cho, Tsung-Hsien Lin

Jing Guo, Hong Kong University of Science and Technology, Hong Kong

Woojae Lee, KAIST, Korea

Mehdi Kiani, Georgia Institute of Technology, United States

Chirag Sthalekar, Tufts University, United States

Kevin Mazurek, Johns Hopkins University, United States

Shu-Yu Hsu, National Chiao Tung University, Taiwan

Xiaoyang Zhang, National University of Singapore, Singapore

Wala Saadeh, Masdar Institute of Science and Technology, U.A.E.

Session III: Memory, Digital, MEMS, and PLL IPs

Session Co-Chairs: Dejan Markovic, Vincent Gaudet

Richard Dorrance, UCLA, United States

Magdalena Sihotang, Research Institute of Electrical Communication, Tohoku University, Japan

Changhung Tsai, NCTU, Taiwan

Yi-Pin Lu, NTU, Taiwan

Yingzhe Hu, Princeton University, United States

Hossein Fariborzi, Massachusetts Institute of Technology, United States

Young-Seok Park, Yonsei University, Korea
